

School Recordings - Information Sheet

We bring a professional recording studio to your school and give your pupils an experience they will never forget!

Why choose 4 Part Music?

A recording is more than just a record of what happened. It is something which should be valued by the musicians who took part and give a true reflection of their high standards and the effort they put in. Since forming the company we have never compromised on anything in terms of the equipment and investment required to get the best results. As such you can be assured that a recording by 4 Part Music will be of the highest quality and do justice to your musical talents.

We are not a one man band and as a result we will set up a professional recording studio in your school. This includes talk back systems and a separate production desk away from the recording space. You can even have one or more of your pupils act as Producer if you want. We believe that a recording should have an educational value for your pupils as well as being a fantastic record of their musical talent.

How much does it cost?

The recording session is **FREE***. All you pay for are the CD's!

50 CDs	£8.50 each
100 CDs	£6.49 each
200 CDs	£5.00 each (best value)
300 CDs	£4.75 each
500 CDs	£3.70 each

The above prices are fully inclusive of:
